

Linea Cosmetica

Huile de Olive 30 ml

Thanks to its wealth of essential linoleic fatty acids (Rice germ oil and Olive Oil) helps slow down skin aging, preventing the facial and neck skin from losing elasticity. It delays the onset of wrinkles, preserving facial freshness and vitality.

How to use:

Huile de olive is absorbed quickly by skin that needs nourishment. To achieve visible results with devitalized dry or stressed skin (by the sun), this product must be used for a long time.
